Osyris Medical to exhibit at the upcoming Plastic Surgery 2009

- Leading laser lipolysis company to host cocktail reception in conjunction with Plastic Surgery 2009

SEATTLE, Wash. – Osyris Medical, a leading aesthetic laser manufacturer, will be exhibiting in Booth #313 at the upcoming Plastic Surgery 2009 tradeshow being held at The Washington State Convention & Trade Center in Seattle on October 24-26, 2009. Osyris is a medical laser manufacturer focused on developing and marketing products for aesthetic applications, including laser lipolysis, skin rejuvenation, hair removal and vascular treatments. With deep roots in science and research, the company retains a strong emphasis in science-based medicine and working with leading physicians to develop innovative treatment methods to better satisfy patient needs.

At Plastic Surgery 2009, Osyris will feature Lipotherme, the premier laser lipolysis platform. As a 980 nm diode laser system, the Lipotherme offers ultimate portability, reliability and expandability. The Prolite III, a multi-application IPL platform for skin rejuvenation will also be featured. The recently FDA cleared LEDA will also make its debut, introducing Dynamic Pulse technology for exceptionally fast laser hair removal.

On Sunday, October 25th from 6PM to 9PM, Osyris will host an exclusive cocktail reception with invited guest, Dr. Vivek Bansal, a Board Certified Plastic Surgeon and owner of Elite MD Advanced Dermatology, Laser and Plastic Surgery Institute. Dr. Bansal, a Lipotherme provider, will be on hand at the event to discuss his experience with Lipotherme and why it's his most sought after procedure within his practice. The event will be held at Il Fornaio Restaurant located three blocks from the convention at 600 Pine Street. To RSVP for the event, please contact Courtney Edwards, Marketing Manager, at 214-540-3805 or cedwards@osyrismedicalusa.com.

To learn more about Osyris, please visit us at Booth #313 or call 972.720.0425 or go to www.osyrismedicalusa.com.
